

# LIST OF STUDENTS UNDERTAKING PROJECT WORK

Year: 2023

| Sl no | Name of the student | Project title                                                                                                     | Teacher-In-Charge         |
|-------|---------------------|-------------------------------------------------------------------------------------------------------------------|---------------------------|
| 1     | Susil Bomoria       | Carbohydrate And Protein Profiling Of A Few Rice Varieties Commonly Cultivated In Upper Assam                     | Mr. Ambarish Bhuyan       |
| 2     | Krishna Chetry      | Carbohydrate And Protein Profiling Of A Few Rice Varieties Commonly Cultivated In Upper Assam                     | Mr. Ambarish Bhuyan       |
| 3     | Rohit Biswakarma    | Carbohydrate And Protein Profiling Of A Few Rice Varieties Commonly Cultivated In Upper Assam                     | Mr. Ambarish Bhuyan       |
| 4     | Sujit Moran         | Carbohydrate And Protein Profiling Of A Few Rice Varieties Commonly Cultivated In Upper Assam                     | Mr. Ambarish Bhuyan       |
| 5     | Ruhit Chetry        | Carbohydrate And Protein Profiling Of A Few Rice Varieties Commonly Cultivated In Upper Assam                     | Mr. Ambarish Bhuyan       |
| 6     | Shibashis Karmakar  | Carbohydrate And Protein Profiling Of A Few Rice Varieties Commonly Cultivated In Upper Assam                     | Mr. Ambarish Bhuyan       |
| 7     | Bibek Sharma        | Carbohydrate And Protein Profiling Of A Few Rice Varieties Commonly Cultivated In Upper Assam                     | Mr. Ambarish Bhuyan       |
| 8     | Saroj Gogoi         | Tea Plant Morphology, Taxonomy, Anatomy And Qualitative Test Of Caffeine Content                                  | Mr. Rajib Lochan Borah    |
| 9     | Anjana Sonowal      | Effects Of Water Stress In Seed Germination Of <i>Vigna Radiata</i> L.                                            | Dr Alakananda Baruah      |
| 10    | Bridhi Garodia      | Effects Of Water Stress In Seed Germination Of <i>Vigna Radiata</i> L.                                            | Dr Alakananda Baruah      |
| 11    | Dikhita Changmai    | Effects Of Water Stress In Seed Germination Of <i>Vigna Radiata</i> L.                                            | Dr Alakananda Baruah      |
| 12    | Parishmita Das      | Effects Of Water Stress In Seed Germination Of <i>Vigna Radiata</i> L.                                            | Dr Alakananda Baruah      |
| 13    | Prerona Gogoi       | Effects Of Water Stress In Seed Germination Of <i>Vigna Radiata</i> L.                                            | Dr Alakananda Baruah      |
| 14    | Supriya Baruah      | Effects Of Water Stress In Seed Germination Of <i>Vigna Radiata</i> L.                                            | Dr Alakananda Baruah      |
| 15    | Ishita Roy          | Delimiting the Plant Growth Promoting Activity of <i>Bacillus megaterium</i> on <i>Vigna radiata</i> (L.) Wilczek | Mr Abhilash Bhattacharjee |

|    |                     |                                                                                                                   |                           |
|----|---------------------|-------------------------------------------------------------------------------------------------------------------|---------------------------|
| 16 | Nargis Khanam       | Delimiting the Plant Growth Promoting Activity of <i>Bacillus megaterium</i> on <i>Vigna radiata</i> (L.) Wilczek | Mr Abhilash Bhattacharjee |
| 17 | Sukanya Das         | Delimiting the Plant Growth Promoting Activity of <i>Bacillus megaterium</i> on <i>Vigna radiata</i> (L.) Wilczek | Mr Abhilash Bhattacharjee |
| 18 | Disha Phukan        | Morphological and anatomical study of trichomes of some cucurbits                                                 | Dr Gitamani Dutta         |
| 19 | Barsharani Sanyashi | Morphological and anatomical study of trichomes of some cucurbits                                                 | Dr Gitamani Dutta         |
| 20 | Sonali Mili         | Morphological and anatomical study of trichomes of some cucurbits                                                 | Dr Gitamani Dutta         |
| 21 | Anurag Shah Phukan  | Morphological and anatomical study of trichomes of some cucurbits                                                 | Dr Gitamani Dutta         |
| 22 | Pooja Chauhan       | Allelopathic effects of weeds on seed germination                                                                 | Ms Dinalisha Bora         |
| 23 | Nomi Chutia         | Allelopathic effects of weeds on seed germination                                                                 | Ms Dinalisha Bora         |
| 24 | Hemprova Bagh       | Allelopathic effects of weeds on seed germination                                                                 | Ms Dinalisha Bora         |
| 25 | Muskan Ahmed        | Allelopathic effects of weeds on seed germination                                                                 | Ms Dinalisha Bora         |
| 26 | Poromi Das          | Allelopathic effects of weeds on seed germination                                                                 | Ms Dinalisha Bora         |
| 27 | Juli Rani Pegu      | Allelopathic effects of weeds on seed germination                                                                 | Ms Dinalisha Bora         |

(Dr. Alakananda Baruah)  
HOD  
Department of Botany  
DHSK College

**CARBOHYDRATE AND PROTEIN PROFILING  
OF A FEW RICE VARIETIES COMMONLY  
CULTIVATED IN UPPER ASSAM**

*Project submitted for the partial fulfilment of the requirement  
for the Degree of Bachelor of Science*

In  
**BOTANY**  
2023

Submitted by  
Roll No.- 24220128  
Regd No.- S2108047
