

Report on International Day of Biological Diversity

On the occasion of International Day of Biological Diversity, the Eco Club and Department of Botany, DHSK College collaboratively organised a talk on the topic “Significance of Biological Diversity” on 22nd May, 2024. Mr. Pranab Paul, Assistant Professor Department of Botany, Dibru College was the resource person. The lecture highlighted the significance of biodiversity and the need for conservation of the same. The lecture was followed by an essay competition among the students of the college.
