

FIELD VISIT TO DIBRU-SAIKHOWA NATIONAL PARK

The Department of Botany of DHSK College organised a field trip to Dibru-Saikhowa National Park, one of Assam's prominent biodiversity hotspots, located in the Tinsukia and Dibrugarh districts. The main objective of the visit was to familiarise students with the park's rich biodiversity, understand its ecological significance, and learn about its conservation practices. The team consisted of the 4th semester (core) students of Botany and they were supervised by three faculty members of the department Ms. Dinalisha Bora, Mr Ambarish Bhuyan and Mr Abhilash Bhattacharjee.
